## Artificial Intelligence - Developments in Finance, Accounting & Auditing

Dear Member,

Artificial Intelligence(AI) has been around since 1950s. However, its spread has accelerated since last decade with the rise in computing power. AI adoption has increased for businesses as well as consumers. Under such circumstances, it is pertinent for the CA profession to understand the fundamentals of AI and its potential impact on their practice and their clients.

We are so used to the term AI nowadays, but we also wonder as to what all is possible through AI for finance function, accounting function and for carrying out effective audits.

BCAS has scheduled a Lecture Meeting, to unravel the journey of AI and to enlighten all with the potential areas in the fields of finance, accounting and auditing where AI can expedite the tasks of professionals with greater accuracy.

**The details of the meeting are as follows:**
