Seminar on Partnership Firm vs. LLP

Partnership Firm is a very old and established form of business entity in India. The procedure for formation and registration of Partnership Firm has undergone a change from physical filing to online filing.

In the recent times, there has been a paradigm shift in the form of entities chosen by start-ups as well as established entrepreneurs for their ventures. A regulated entity along with flexibility in doing business seems to be one of the key drivers in selecting Limited Liability Partnership ['LLP'] as a form of business entity.

It is beneficial to get conversant with the procedural aspects of both the forms of entities, namely, Partnership Firm (traditional set up) vis-a-vis LLP (relatively a new form of entity), with regard to formation, management, other relevant intricacies.

It is also important to have an idea about the procedures for conversion of a partnership firm or a company into a LLP.

We are pleased to present a half day seminar to deliberate on the procedural aspects of above matters.
