Value in the Metaverse and Why Metaverse is inevitable -A lecture meeting

Dear Members,

Metaverse is about transforming how humans experience the digital world with immersive media that appears all around us and it can be experienced in the first-person. Metaverse will create new digital assets that will require accounting measurements and disclosure methods that are accurate.

At present we all have varied notions about the Metaverse and Web3 technologies. But given the growing interest within corporations about the same, we must know more

It is in this context that we have decided to organize this lecture whose details are as follows:

The details of lecture meeting are as under:

Topic Coverage	Value in the Metaverse and Why is Metaverse inevitable <ul style="list-style-type: none">• What is the Metaverse and why is it going to be inevitable?• What is the difference between Metaverse and Web3?• Why are companies exploring the Metaverse in such large numbers?• Where does value reside in the Metaverse and what is this value all about?• What does Metaverse and Web3 mean for the accounting profession?
Speaker	Raghav Narsalay, Managing Director, Accenture Research and Research Lead for the Metaverse Continuum Business Group of Accenture
Day & Date	Wednesday, December 14th, 2022 Add event to Outlook Calendar
