## Power Summit 2022

*Thriving*

*in a Transformed Hybrid World*

### Detailed Schedule

May 28, 2022

Venue: Orchid Hotel, Vile Parle East, Mumbai

The past two years have been unprecedented, chaotic, disrupting... Transformational. Each of us has gone through some turmoil, a lot of introspection and massive adjustment and adaptation. Our lives – personal, social, economic and professional have completely changed. And with this change, comes the opportunity to reinvent, to recalibrate and to re-imagine – for what was there once has disappeared and what is yet to come is at best hazy – the canvass is wide open.

We, at the Human Resources Development Committee, are committed to respond to the changes around us, with imagination and innovative initiatives. Our signature event, **Power Summit**, is a unique platform for professionals to discuss and debate, to learn, unlearn and share, and together deal with changes that are impacting the profession. Our theme for the much awaited **Power Summit 2022** is “*Thriving – in a Transformed Hybrid World*” and the objective is to empower the participants to not just survive but thrive in the transformed post-pandemic world.

So, let us meet, and together figure out how we can transform ourselves professionally to thrive in this new world!

## Detailed Event Schedule
