Workshop on Customs Duties and Foreign Trade Policy Jointly with The Chamber of Tax Consultants

Dear Member,

After the introduction of GST, many indirect taxes vanished and got subsumed into one single tax. However, Customs Duties - one of the oldest indirect taxes, still finds its unique place in the arena of indirect taxes and international trade.

BCAS and CTC have jointly organized a power-packed workshop on the important concepts of Customs Law and Foreign Trade Policy. Eminent subject matter experts will share the conceptual and practical aspects as well its interplay with GST. This unique program is going to be conducted over a virtual platform to provide you with the convenience of attending from your location.

It is now incumbent on GST professionals to have reasonable working knowledge of Customs and FTP to provide qualitative and comprehensive services to clients. It is a golden opportunity for GST Practitioners to learn the basic concepts of Customs and FTP from leading experts in the field and to venture into this challenging and rewarding area of practice.
