Lecture Meeting on Filing of Income Tax Returns for AY 2019-20

ITR forms and utilities for AY 2019-20 for most of the ITR forms are now available on the e-filing portal. With focus on e-assessments and more technology driven initiatives by the tax authorities, preparation and filing of ITR forms is no more a mechanical exercise. It requires in-depth knowledge of law as well as various fields in the various ITR forms.

Further, this year, many changes have been made in the e-TDS statements for TDS from salary (Form 24Q) vide notification No. 36/2019 dated 12.04.2019. Form 16 has also been amended. All these changes are very important and will affect the ITRs filed by salaried tax payers. In fact, for salaried tax payers, some of the information to be filled up in the ITR forms will be auto populated by the income-tax department. However, the accuracy of this information will depend on the accuracy of the data filed by the deductors.

To popularize, sensitize, train and capacitate the deductors - large and small - about the new formats, statements, etc. as also tax professionals and tax payers about the changes in the ITR forms, BCAS has arranged a lecture meeting on the subject. The lecture will be addressed by three speakers one of whom will be from TRACES.

The details of lecture meeting are as under:
