## Full day Seminar on Estate Planning, Wills & Family Arrangement / Settlement – Critical Aspects

*India has witnessed fights over estates and properties right from the Ramayan and Mahabharata to modern-day corporate family feuds! We spend our entire lives in building an Estate to secure our future / future of our GenNext, but do not spend reasonable time for its properly planned and timely succession (passing on the reins, wealth to the others). With the traditional society of joint families being replaced by the concept of nuclear family, Estate planning, Family arrangement / settlement have become inevitable not only for business tycoons but also for a common man (gender neutral).*

- A) *Who should do?*
- B) *Why to do?*
- C) *How to do?*
- D) *What to include / not to include?*
- E) *When to plan and implement?*

are some of the key areas to consider for Estate Planning, Family settlement / arrangements.

A well-planned succession or settlement or arrangement having regard to applicable provisions of succession laws, tax & FEMA implications and careful drafting of the related documents can avoid many litigations whether amongst the family members / legal heirs or with the tax authorities. Remember, ***'failing to plan is planning to fail!!'***
