BCA REFERENCER 2018-19

The world is transforming from real to virtual and from analogue to digital, but the BCA Referencer is constant. It has been the voice of clarity and guidance for the last 56 years.

The BCA Referencer is a single point of unity between professionals and non-professionals. It has the essence of finance laws old and new presented by experts in the profession in a concise yet precise form, amenable to all from students and newly minted Chartered Accountants to the veterans and doyens of the profession.

While clarity and precision are the bywords of the accountancy profession, communicating the relevant knowledge is equally important towards the resolution of queries. The BCA Referencer ensures that the information you need is not only available but also presented in a compelling manner, in support of your requirements.

Knowledge comes in many forms but in today's world ease of access is critical. Understanding the need for appurtenance, the BCA Referencer today spans both - the digital and real world - seamlessly, enclosed in a beautiful hard copy as well as being available on the android and apple app stores.
